

Holidays Home Work (Session 2025-26) (Pg. 1-3)
Class - Pre-School

Dear Parent,

Winter is no reason to stay inside all day. Just because the sun is hiding doesn't mean it's time to hunker down and hibernate. During colder months, it is important to get the family outside and maintain activity even though there may be some frost on the ground. Besides, winter months bring on a whole new set of fun activities to explore. Go out with your ward in a park and enjoy playing with them under the sun.

Just a little Note

1. Early to bed, Early to rise makes a man healthy wealthy and wise.
2. For ensuring fluency in English language, motivate your child to interact in English only.
3. Encourage your ward to eat lots of green vegetables, fruits and green salad.
4. Encourage your child to watch informative Programmes on T.V.

- *If your child has been successful in homework completion and is working hard, celebrate that success with a special event (e.g., pizza, a walk, a trip to the park) to reinforce the positive effort, when the school reopens bring back your treasure.*

ACTIVITY - 1
